

# \$1000 REWARD ! !

The above reward will be paid by me for the conviction and summary punishment of the party or parties who, on the night of the 13th of March, 1867, stole two private horses and one Government mule from the stable, near the Post hospital, at Fort Union, N. M.

## DESCRIPTION:

A dark bay mare, five years old, with a white star on her forehead, a black mane and tail, and about 14 hands high. She was branded "I. H." on right hip.

A sorrel horse, 16 hands high, about nine years old, with a white strip on face, and a white left fetlock.

An iron gray mule, with the brand of an anchor, 4 inches long, on right hip. No U. S. brand visible.

The above reward, which is offered in the hope that it may induce persons to assist in breaking up the bands which now infest this region, will be paid—\$500 in money, and the two private horses stolen, valued at \$500, will also be given to the party or parties bringing these horse thieves to justice and procuring their conviction and summary punishment.
